

Testimonial

Victoria,

Just wanted to drop a line to say thanks for all you have done to provide security for my family.

Another company had turned me down and I thought it was a long shot that I could qualify for any life insurance at all. You took detailed notes about my health history then researched till you found two companies that might approve a policy on me. You applied to both and one issued the exact life insurance I wanted at a price that was less than every other quote.

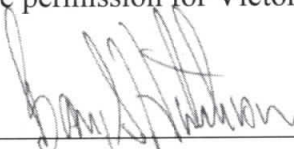

Then you knew to do something I hadn't even heard of called "save age". You had the company backdate the policy to a younger age. That cost me more the first month, but it will save me \$589.44 per year for the rest of my life!

I read your book about life insurance and it was helpful but the best part of having you as my agent was how you took the time to talk to me and explain everything and make sure I was getting the right kind life insurance. I was impressed at how you went the extra mile to help me. I could tell you genuinely care about me and my family.

With things being hard to come by, you came through with flying colors!

I give permission for Victoria Eden to copy or quote this in her promotion and marketing.
