I'm a private pilot and this makes me ineligible for most life insurance policies. But Victoria is an expert and knows the ways around this kind of problem. She created a combination of two different insurance policies that would give me the coverage I needed. With this strategy, she saved me over a thousand dollars a year! I'm very grateful for her efforts as I don't know how I could have gotten a policy without her.

Recently my needs changed, so I also purchased a Life Insurance Retirement Plan (LIRP) I always want to know what I'm buying, so I asked a ton of deep-dive hard questions. Victoria is extremely knowledgeable and answered each one with patience. I'm thrilled with my new LIRP.

Victoria Eden has been my insurance agent for years. I am very pleased with her service and professionalism. I would recommend her without reservation.
